Interlocken East Park

280 Interlocken Blvd, Broomfield, CO 80021

\$35 Early Bird | \$50 On-Site | \$45 Virtual Participant

### ABOUT

The 2017 BAF Disaster Dash will be held in concurrence with the 42nd Annual Natural Hazards Research and Applications Workshop, an event with international attendance that will be hosted July 9-12 by the University of Colorado Boulder Natural Hazards Center. Whether you are attending the workshop or are a local community member looking to contribute to a good cause, we invite you to join us for a fun run!

The BAF Disaster Dash 5K is an easy run (or walk or jog, if you prefer!) to experience the outdoors in Colorado, meet other attendees and get some fresh air and exercise. It was developed because of Bill Anderson's love of walking—which he did nearly six miles of each and every day! As the BAF grew, the Fellows wanted to pay tribute to Bill's love of being active outdoors and because they felt a need to inject movement and fellowship into the Workshop experience.
